

MATERIAL SAFETY DATA SHEET

MSDS No: 001

Prepared: March 29, 2007

Emergency Number: 1-888-713-8154

SECTION I

PRODUCT NAME: Clarifoam EF

SOURCE OF INFORMATION: Onset Therapeutics

ADDRESS: 400 Highland Corporate Drive Cumberland, RI 02864

PRODUCT TYPE: Aerosol Emollient Foam

NFPA HAZARD RATINGS (SCALE 0-4):

HEALTH – 0

FIRE – 1

REACTIVITY – 0

SECTION II – Components and Contaminants

PRODUCT DESCRIPTION: Formulation is proprietary. This information will be provided, as needed, to medical personnel in the event of an emergency. Hazardous ingredients or ingredients principally responsible for potentially hazardous qualities or pharmacological activity of this product are listed below.

COMPONENT:

CAS Number:

Sulfur	7704-34-9
Sodium Sulfacetamide	6209-17-2
1,2-Propanediol	57-55-6
4-Hydroxybenzoic acid methyl ester	99-76-3
4-Hydroxybenzoic acid propyl ester	94-13-3
Polyoxyethylene (10) stearyl ether	9005-00-9
Emulsifying Wax NF	N.A.
1-Hexadecanol	36653-82-4
2-Hydroxypropanoic Acid	598-82-3
Purified Water	7732-18-5
Propellant	811-97-2

SECTION III – Physical Data

HAZARD DESCRIPTION: The product may cause allergic or sensitivity reaction for individuals sensitive to one or more of the components.

APPEARANCE: Off white to light yellow foam.

ODOR: Faint sulfur odor.

SECTION IV – Fire and Explosion Hazard Data

FLASH POINT: Unknown

EXTINGUISHER MEDIA: ABC all purpose extinguisher, Water, CO₂, foam

SPECIAL FIRE FIGHTING PROCEDURES: SCBA, OBA, or other similar equipment may be required for fires involving large inventories of this material stored in enclosed spaces.

UNUSUAL FIRE AND EXPLOSION HAZARD: This product is a non-flammable aerosol and should not present a fire or explosion hazard.

SECTION V – Reactivity Data

REACTIVITY: Stable

CONDITION(S) TO AVOID: Excessive heat above 86°F for prolonged periods.

INCOMPATIBILITIES: No known incompatibilities.

HAZARDOUS DECOMPOSITION: Burning may produce toxic gases.

HAZARDOUS POLYMERIZATION: None known.

SECTION VI – Health Effect and First Aid

ROUTES OF ENTRY: Dermal, ocular, oral, inhalation.

SYMPTOMS OF EXPOSURE: This product is considered safe for its intended use. Skin – allergic or sensitivity reactions are possible, causing irritation or redness. Eye- irritation, burning/stinging. Use of this product should be discontinued any time a reaction occurs. A physician, emergency room or Poison Control Center should be called any time the product is ingested orally.

FIRST AID

EYE AND MUCOUS MEMBRANE CONTACT: Remove contact lens if worn. Flush with water for 15 minutes. Hold eyelids open to assure complete contact with water. If irritation persists, seek medical attention.

SKIN CONTACT: Should skin irritation, allergic reaction, or rash occur, removed contaminated clothing if required, then physically remove as much of the product as possible and thoroughly flush the area with water. If irritation persists, seek medical attention.

SECTION VI – Health Effect and First Aid (continued)

INGESTION: Product is water soluble with low toxicity. Do not induce vomiting as aspiration of the product might occur. Drink large amounts of water. In cases where the ingestion of a large amount is suspected, experienced medical personnel may perform gastric lavage.

INHALATION: Remove to fresh air.

CARCINOGENICITY: N. A.

MEDICAL CONDITIONS USUALLY AGGRAVATED BY EXPOSURE: Persons with impaired kidney disease, allergies or known sensitization to one or more ingredients.

SECTION VII – Storage and Handling Precautions

STORAGE:

- Store in a dry area at room temperature.
- Avoid warm temperatures – in excess of 86°F (30°C) or storage near a heat source.
- Protect from freezing.

SPILL:

- Spills – scoop material and place in a suitable container. Use soap and water to clean the area, absorb with paper towel or other appropriate media.
- Keep product out of drains, prevent entry to surface water, groundwater and soil.

PROTECTIVE EQUIPMENT: NIOSH approved respirator appropriate to contamination levels. Wear safety glasses with side shields if eye contact is likely, e.g., during clean up of large spill. Wear gloves, lab coat, or other protective over-garment if skin contact is likely, e.g., during clean up of large spill.

DISPOSAL: Material should be disposed of in accordance with relevant Federal, State, and Local regulations.

SECTION VIII– Special Protection Information

The following information assumes large quantities of the product such as might be encountered in warehouse storage or an industrial accident.

VENTILATION: Use general or local exhaust.

Page 3 of 4

SECTION VIII– Special Protection Information (continued)

FIRE FIGHTING: Use ABC all purpose extinguisher media CO₂ or foam.

SPECIAL PRECAUTIONS: N/A

RESPIRATORY PROTECTION: SCBA, OBA, or other similar equipment may be required for fires involving large inventories of this material stored in enclosed spaces.

SECTION IX– Transportation and Shipping Information

The hazard class definitions of 49 CFR 173 are not applicable to this product.
